

Preparing Children for the Future

CURRICULUM STATEMENT

for

RELIGIOUS EDUCATION

Subject Leaders: Mrs K Alberici & Mrs C Graham

At Knowle CE Primary Academy, we aim to deliver excellence in education and want the very best outcomes for our pupils so that they can achieve their fullest potential in all aspects of their life. More specifically, as a Church school, our vision is deeply Christian and rooted in the teachings of Jesus who promised us 'life in all its fullness'. If it is our belief that an outstanding and distinctive education for our pupils must promote 'life in all its fullness'; it then follows that the same principles should be applied to the teaching of the Religious Education curriculum. Through learning about religion, children are encouraged to develop their own values and identities. Teaching is structured to promote an on-going dialogue where pupils are equipped with skills to communicate, apply, enquire, contextualise and evaluate, with a view to articulating their personal beliefs, values and experiences.

At its heart, Knowle CE Primary Academy has "a belief that all children are loved by God," and is committed to providing quality religious education which:

- promotes the spiritual, moral, cultural, mental and physical development of pupils;
- equips pupils with a systematic knowledge and understanding of a range of world religions;
- teaches tolerance, respect and understanding; and
- prepares pupils for the opportunities, responsibilities and experiences of later life.

Learning for Life
